# **Emerging participant in the infrastructure market**

Vikran Engineering Ltd (VEL) founded in 2008, is a rapidly growing Engineering, Procurement, and Construction (EPC) company headquartered in Thane, Maharashtra. The company specializes in turnkey infrastructure projects across power transmission (up to 765 kV), substations (AIS/GIS up to 400 kV), water supply, and railway electrification sectors. With a presence in over 17 Indian states, Vikran has completed 44 projects and is currently executing 34 more. Its clientele includes prominent government and public sector entities such as NTPC Limited, Uttar Pradesh Water Supply and Sanitation Mission, Andhra Pradesh Central Power Distribution Corporation Limited, MP Power Transmission Company Ltd, and South Bihar Power Distribution Company Ltd. The company has reported a revenue of ₹243.2 crore and a net profit of ₹27.89 crore in FY2024, reflecting a 19% CAGR in sales and over 80% CAGR in net profit over the past five years.

|  | Str | en | at | hs: |
|--|-----|----|----|-----|
|--|-----|----|----|-----|

- Diversified project portfolio across power, water and railway sectors
- Strong track record with 44 completed and 34 ongoing projects in 17 states
- Established relationships with major government and public sector clients.
- Robust financial growth with significant CAGR in sales and net profit over five years.
- Successful capital raising of over INR 100 cr. in pre-IPO funding rounds.

### Risks:

- High dependence on government contracts, subject to policy and budgetary changes.
- Working capital-intensive operations may affect liquidity during project execution.
- Exposure to regulatory and environmental compliance risks in infrastructure projects.
- Potential delays in project execution due to unforeseen site conditions or approvals.
- Concentration risk if a significant portion of revenue is derived from a few large clients

VEL As of June 30, 2025, it has successfully completed 45 projects across 14 states with a total executed contract value of Rs. 1919.92 cr. As of June 30, 2025, it has 44 ongoing projects across 16 states, aggregating orders of Rs. 5120.21 cr. of which Order Book of Rs. 2442.44 cr.

In reviewing this document, you should be aware that any or all of the foregoing, among other things, may give rise to or potential conflicts of interest. We may rely on information barriers, such as "Chinese Walls" to control the flow of information contained in one or more areas within us, or other areas, units, groups or affiliates of VSL. This report is for information purposes only and this document/material should not be construed as an offer to sell or the solicitation of an offer to buy, purchase or subscribe to any securities, and neither this document nor anything contained herein shall form the basis of or be relied upon in connection with any contract or commitment whatsoever. This document does not solicit any action based on the material contained herein. It is for the general information of the clients / prospective clients of VSL. VSL will not treat recipients as clients by virtue of their receiving this report. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of clients / prospective clients. Similarly, this document does not have regard to the specific investment objectives, financial situation/circumstances and the particular needs of any specific person who may receive this document. The securities discussed in this report may not be suitable for all investors. The appropriateness of a particular investment or strategy will depend on an investor's individual circumstances and objectives. Persons who may receive this document should consider and independently evaluate whether it is suitable for his/ her/their particular circumstances and, if necessary, seek professional/financial advice. And such person shall be responsible for conducting his/her/their own investigation and analysis of the information contained or referred to in this document and of evaluating the merits and risks involved in the securities forming the subject matter of this document. The projections and forecasts described in this report were based upon a number of estimates and assumptions and are inherently subject to significant uncertainties and contingencies. Projections and forecasts are necessarily speculative in nature, and it can be expected that one or more of the estimates on which the projections and forecasts were based will not materialize or will vary significantly from actual results, and such variances will likely increase over time. All projections and forecasts described in this report have been prepared solely by the authors of this report independently of the Company. These projections and forecasts were not prepared with a view toward compliance with published guidelines or generally accepted accounting principles. No independent accountants have expressed an opinion or any other form of assurance on these projections or forecasts. You should not regard the inclusion of the projections and forecasts described herein as a representation or warranty by VSL, its associates, the authors of this report or any other person that these projections or forecasts or their underlying assumptions will be achieved. For these reasons, you should only consider the projections and forecasts described in this report after carefully evaluating all of the information in this report, including the assumptions underlying such projections and forecasts. The price and value of the investments referred to in this document/material and the income from them may go down as well as up, and investors may realize losses on any investments. Past performance is not a guide for future performance. Future returns are not guaranteed and a loss of original capital may occur. Actual results may differ materially from those set forth in projections. Forward-looking statements are not predictions and may be subject to change without notice. We do not provide tax advice to our clients, and all investors are strongly advised to consult regarding any potential investment. VSL, the RA involved in the preparation of this research report and its associates accept no liabilities for any loss or damage of any kind arising out of the use of this report. This report/document has been prepared by VSL, based upon information available to the public and sources, believed to be reliable. No representation or warranty, express or implied is made that it is accurate or complete. VSL has reviewed the report and, in so far as it includes current or historical information, it is believed to be reliable, although its accuracy and completeness cannot be guaranteed. The opinions expressed in this document/material are subject to change without notice and have no obligation to tell you when opinions or information in this report change. This report or recommendations or information contained herein do/does not constitute or purport to constitute investment advice in publicly accessible media and should not be reproduced, transmitted or published by the recipient. The report is for the use and consumption of the recipient only. This publication may not be distributed to the public used by the public media without the express written consent of VSL. This report or any portion hereof may not be printed, sold or distributed without the written consent of VSL. This document does not constitute an offer or invitation to subscribe for or purchase or deal in any securities and neither this document nor anything contained herein shall form the basis of any contract or commitment whatsoever. This document is strictly confidential and is being furnished to you solely for your information, may not be distributed to the press or other media and may not be reproduced or redistributed to any other person. The opinions and projections expressed herein are entirely those of the author and are given as part of the normal research activity of VSL and are given as of this date and are subject to change without notice. Any opinion estimate or projection herein constitutes a view as of the date of this report and there can be no assurance that future results or events will be consistent with any such opinions, estimate or projection. This document has not been prepared by or in conjunction with or on behalf of or at the instigation of, or by arrangement with the company or any of its directors or any other person. Information in this document must not be relied upon b c as having been authorized or approved by the company or its directors or any other person. Any opinions and projections contained herein are entirely those of the authors. None of the company or its directors or any other person accepts any liability whatsoever for any loss arising from any use of this document or its contents or otherwise arising in connection therewith. The information contained herein is not intended for publication or distribution or circulation in any manner whatsoever and any unauthorized reading, dissemination, distribution or copying of this communication is prohibited unless otherwise expressly authorized.
